## [40! Successful Facebook Groups](#) [To Help Your Business Grow!](#)

Facebook groups are excellent for benefiting and supporting your business! They help tremendously by:

- Promoting products
- Building presence
- Establishing expertise in a niche
- Collecting feedback
- Providing a forum to test new ideas
- Create stronger relationships & more!

Here are 40 important groups that will help expand your presence on the web and in the ‘blogosphere’ which is where you need to be!

Join these groups and strengthen your communications, connections and visibility to help grow your business!

## [The Social Ninjas](#)

Share on my blog and let me know which groups work for you the best! And one day, perhaps you will start your own!

Read my post [Beginners Guide to Social Media](#) a detailed guide with tactics to grow your online social media presence. This guide will teach you all the ways to grow a following, when to post, how often & for which niches, what type of engagement works best, how to plan, optimize and so much more!

All my best!

Emily 😊
